LUXURY REDEFINED

- + We believe luxury is not reserved for a select few, rather for those who want it, those who need it. Luxury redefined stands for a product which surpasses desires, which surpasses expectations, while being attainable for all. AHI stands for a well-designed, luxurious product at an affordable price.

THE TEAM

- + Dynamic. Driven. Enthusiastic.

We are hardware. Every single one of us lives and breathes hardware, day in and day out. We are passionate about our products, our service and our clients.

That's our promise to you. Give us a try.

- + Delivering true value to our clients – We can take a design from a sketch phase and turn it into a 3D printed sample and then all the way into a full blown production for thousands of doors.

These are just a few samples of items that we have done for our clients.
